Find all the books, read about the author, and more. See search results for this author. Amazon.com: Introduction to Logic (9780131689503): Copi ... My logic professor called the Copi and Cohen text a "libraso", a rather informal way of saying the book is a

classic in the field. I couldn't agree more. The section on diagramming arguments not only provides an excellent primer on the structure of reasoning, but also includes a huge number of examples taken from very interesting primary sources.
